EXERCISES AND INSPIRATION FOR THE COLOR CHALLENGED! *1 Day Workshop*

Build color confidence no matter what your favorite fiber technique. We start with the basics of color and discuss inspiration from color forecasts, and online color tools. They can help stretch the imagination of anyone who is color challenged. Through a series of fun exercises, photos, and Color-aid papers we will group colors together, play with thrums and palettes, and create easy color references. And for the handweavers, what to do when introducing a weft! Lots of inspiration and opportunity to just play.

A PDF will be available for all students to download before the class.
