1-2 Day Private and Semi-Private Retreat

LEARN TO WEAVE ON A FOUR SHAFT LOOM

Explore this time-honored craft, on a loom that allows patterning and play. Designed for beginners, using a 4 shaft table loom, and using colorful carpet warp, this workshop will take students through the warping process and teach them to understand patterning, reading a draft, color interaction, and how to weave a competent cloth. Plain weave, twills, rib and basket structures, and color and weave will be covered. In a one-day class, 6" wide x 1 yard warps will be pre-wound. In a two-day class, participants will wind their own 8" wide x 2 yard warp for two days of play. Participants will be

taught to dress the loom from the front to the back.

Note, for those within driving distance who have their own table loom, you may bring your own loom to work on.

SKILL LEVEL: All levels especially beginners

All materials and equipment will be provided.

Bio: Daryl Lancaster, a hand-weaver and fiber artist known for her award-winning hand-woven fabric and garments, has been constructing garments for more than half a century. She gives lectures and workshops to guilds, conferences, and craft centers all over the United States. The former Features Editor for Handwoven Magazine, she has written more than 100 articles and digital content, frequently contributes to various weaving and sewing publications and including Threads Magazine. She now has a YouTube channel,

[The Weaver Sews](#) where she shares her extensive experience sewing handwoven garments. She now offers a complete line of digital sewing patterns for handweavers. **<https://www.weaversew.com/shop/sewing-patterns.html>**
